

## Accessing New Zealand Content on Westlaw Australia

As part of the August release, we are introducing a new way to access New Zealand content in new Westlaw Australia.

1. If you subscribe to New Zealand content and select New Zealand from the region drop-down menu, you will be redirected to the Westlaw New Zealand site. This will allow you to access the full functionality of New Zealand content including browsing, table of contents, deep-links and more. The New Zealand site access will be granted automatically, you will not need additional credentials.

## • OLD:

Previously when you click on New Zealand in the region dropdown menu, you are taken to the New Zealand page in the International Materials section within Westlaw Australia, and you can only run search to find a document.

## NEW:

You will now be redirected to the New Zealand site.

2. If you do not subscribe to New Zealand content, you will get the below pay-per-view message saying that you do not have a permission to access the New Zealand site.
